P R E S E N T A T I O N

# Run 'N Gun

We don't have a fancy story  
or a muse.

We established RNG FILM to  
transfer the experiences we  
gained over the years in the  
industry by adding our souls  
to projects we involved.

# WHO WE ARE

We are producing TVC and Digital commercials alongside with the feature films. We blend the conventional production practices with innovative approaches.

We offer practical solutions to Turkey's leading brands. In addition to our own projects, we provide co-production support for domestic and international projects.
